Vendor code nº :	*(to be filled out by INTECSA INDUSTRIAL)*

Mark (X) in the homologation requested :

Homologation for:	Representant	
Homologation for:	Manufacturer	

1. SUPPLIER´S EVALUATION GUIDE

This questionnaire must be filled out in all areas concerning each Vendor for its homologation in INTECSA INDUSTRIAL.

All Vendor's documentation must be in Spanish or English, or come with its corresponding translation in one of these languages.

All documentation will be submitted with an electronic copy.

2. GENERAL INFORMATION AND ORGANIZATION

2.1. Main Data:

Company name

Anagram C.I.F.

Address

City Code Country

Web (www…) e-mail:

Telephone Fax

2.2. Subsidiary companies

Subsidiary Co. name	Address	Location / City	Code	Country

2.3. Contacts

Contact name	City	Position	Telephone	Fax	e-mail

2.4. Attached Documents

IMPORTANT: Paper documents will not be accepted. Information must be submitted in PDF format.

Necessary documentation for Vendor homologation: Will be marked (x) in the column “Own” to confirm the certificates, manuals, etc, that correspond to the company being homologated.

The Vendor carrying out the homologation of a product or service it represents will be obligated to include in this section all the information related to those represented manufacturers, marking (x) in the column “Others” the certificates, manuals, etc, that could correspond to them.

2.4.1 Certificates

Certificates owned. Mainly ISO-9001, ISO-14001 and OHSAS 18.001, and others such as TÜV, ASME stamps, etc.

Certificate	*Electronic file*	*Origin*		*Name of representative*
		Own	*Other*	

2.4.2 Quality manuals

Ref. Manual	*Electronic file*	*Manual origin*		*Name of representative*
		Own	*Other*	

2.4.3 Reference list

Reference title	*Electronic file*	*Reference*		*Name of representative*
		Own	*Other*	

2.4.4 Catalogue

Catalogue description	*Electronic file*	*Origin*		*Name of representative*
		Own	*Other*	

2.4.5 Organization Chart

Functional organization chart of the company and its Quality Department.

Information Ref.	Electronic file

2.4.6 Other Relevant Documentation

Documentation description	*Electronic file*	*Origin*		*Name of representative*
		Own	*Other*	

2.5 Documentation language

Please indicate the languages in which your documentation is available.

Documentation type	Spanish	English	French	Other languages
Commercial				
Technical				
Catalogues				

2.6 Financial data

Company incorporation date

Corporate capital (M. Euros) Estimated assets (M.Euros)

Bank References :

Bank	Address	Bank	Address

Balance:

Year: ____ File: ____ Audited by ____

Invoicing in thousands of Euros in the last three years :

Year: ____ Invoicing ____

Year: ____ Invoicing ____

Year: ____ Invoicing ____

2.7. Insurances

Name of the insurance company and the value of the policy to cover manufacturing liability, sales, stock of products and services.

Insurance company	Policy value	Responsibility covered

2.8. Origin of the Material to be Supplied

Indicate % of the actual European manufactured material in the last 5 years.

Year	%	Year	%

2.9. Shareholders Relation

Main shareholders	%	Country	Integrated in the group:

3. COMPANY ACTIVITIES

3.1. Short description of the company's activities

3.2. Accounts to homologate

Vendor will indicate its products in the format shown below and follow the indications listed.

Product coding following accounts codes of Intecsa Industrial			
Account	**Level 1**	**Product**	**Manufacturer**

Instructions to fill out the sheet shown above.

Account The number of the account will be indicated described in INTECSA'S instructions (project account codes IT-AP-09)

Level 1 In this box Vendor will include its **"representative material"** as shown in IT-AP-09 (Annex -1)

Product Vendor will include the same description shown in IT-AP-09 (Annex -1)

Manufacturer Vendor will fill out the name of the manufacturer

4. QUALITY MANAGEMENT

4.1. Own Engineering

4.1.1 Certified company under ISO 9001, ISO 14001, OHSAS 18001 or equivalent (EFQM, TÜV, ASME stamps, others...)

Year	*Code /Standard*	Yes	*No*	*Short description*

				Certificate of ..
				Certificate of ..
				Certificate of ..
				Procedures for :
				Engineering
				Design change control
				Material control
				Manufacturing control
				Test control
				Documents distribution

4.1.2 Not certified company, designing under international codes for the last 10 years:

Year	***Code / standard***	**Yes**	***No***	***Short description***
				Certificate of ..
				Certificate of ..
				Certificate of ..
				Procedures for :
				Engineering
				Design change control
				Material control
				Manufacturing control
				Test control
				Documents distribution

4.2. Own manufacturing

Most significant works of the company will be related below.

4.2.1 Certificated company under ISO 9001, or equivalent (EFQM, TÜV, ASME stamps, others...)

Year	***Code / Standard***	***Customer***	***Country***	***Short description***

4.2.2 Company not certified, with designing references under international codes for the last 10 years:

Year	*Code/Standard*	*Customer*	*Country*	*Short description*

4.3. Quality control

Test type	*Own laboratory*							*External lab. Notified body*
	Crew qualification			*Test rig facilities*				
	Level I	**Level II**	**Level III**	**<m³/h**	**< barg**	**< Volts**	**<kW**	
Ultrasounds (UT)								
Magnetic particles (MT)								
Radigraphy (RT)								
Dye penetrant (PT)								
Spark metter								
Hardness								
Chemical analisys								
Brake								
Hydraulic tests								
Pneumatic tests								
Compressors tests								
Pumps tests								
Valves tests								
Transformers tests								
Medium voltage cabinets tests								
Motor control center tests								
Motor tests								
Cables tests								

Crew qualification will correspond with :

- American Society non Destructive Test : SNT-TC-1A, or with
European standards : EN 473

5. PRODUCTION AND ENGINEERING FACILITIES

5.1. Technical Office Capabilities

This section must indicate the number of persons dedicated to one of the following activities :

Speciality	Nº of technician /s	Experience (years)	Designing licenses				
			PDMS	PDS	Autocad Microstation		
Process Engineers							
Mechanical Engineers							
Electricity Engineers							
Instrumentation Engineers							
Firefighting Systems Engineers							

5.2. Manufaturing Limits

	Lenght, m	*height, m*	*Width, m*	*Thickness mm*	*Weight, tones*	*Diameter mm*	*Pressure barg*	*kW*	*Voltage,V*	
Limit										

6. ENVIROMENTAL MANAGEMENT

Date of company certification under ISO 14.001:	../../... .
Date of company registration following communitarian EMAS standard:	../../... .

7. WORKPLACE SAFETY

7.1. Structure of the Company's Workplace Safety and Health Department.

7.2. Date of OHSAS 18.001 Certification.

VENDOR: Signed by	INTECSA INDUSTRIAL, homologated by	Approved by:
