B3		**Flares**										
	B3.1	Criogenic service flares										
	B3.2	Air assisted flares										
	B3.3	Steam assisted flares										
	B3.4	Off – shore flares										
	B3.5	Biogas flares										
B4		**Burners**										
	B4.1	Fired heater burners										
	B4.2	Power boiler burners										
	B4.3	Flame detectors										
	B4.4	Measurement and regulation stations										
B5		**Incinerators**										
	B5.1	Liquid / Gases incinerators										
	B5.2	Solid incinerators										
B6		**Stacks**										
	B6.1	Metallic stacks										
B7		**Vaporizers**										
	B7.1	Submersible combustion vaporizers										
	B7.2	Sea water vaporizers										
	B7.3	LPG vaporizers										
		Fluid handling										
C1		**Compressors**										
	C1.1	Reciprocating compressors										
	C1.2	Centrifugal compressors										
	C1.3	Liquid ring compressors										
	C1.4	Rotative compressors										
	C1.5	Screw compressors										
	C1.6	Bearing boxes										
	C1.7	Compressor rent companies										
	C1.8	Portable compressors										
	C1.9	Water cooling units (chillers)										
C2		**Fans**										
	C2.1	Centrifugal fans										
	C2.2	Axial fans										
C3		**Blowers**										
	C3.1	Axial blowers										
	C3.2	Centrifugal blowers										
	C3.3	Roots blowers										
C4		**Agitators**										
	C4.1	Vane agitators										
	C4.2	Turbine agitators										
	C4.3	Stream type agitators										
C5		**Mixers**										
	C5.1	Static mixers										
	C5.2	Dynamic mixers										
C6		**Ejectors**										
	C6.1	Metallic ejectors										
C7		**Silencers**
